Cyber Safety

Though we do not allow students to use phones at school, the ramifications of their tech habits at home can still affect our beautiful community. Not only do we see a correlation between anxiety and depression for students who engage on social media—especially Tik Tok, Instagram, and Snapchat ([as the data confirms!](#)) - we also see increased drama, division, peer troubles, and classroom learning struggles. Parents, we urge you, please limit and monitor your children’s screen time and online activity carefully. Saying “No” in this area is saying “Yes!” to so much more!

Scrip

Happy New Scrip Year! Scrip has moved to a new platform called RaiseRight. Purchases of Gift Cards through Scrip from May 9, 2022- May of 2023 will earn tuition credit for the 2023-2024 school year! Not a scrip user? No time like the present! **Sign up to start earning.**
